### Child Protection (CP) Reporting Flowchart

At Mamoura British Academy, we use the CP reporting flowcharts below to inform our next steps when reporting incidents related to Safeguarding and Child Protection:

## Safeguarding Procedures at MBA

### Lanyard Reminders

At Mamoura British Academy, we believe that keeping children safe should always be at the forefront of our minds. To promote this with all staff, prompt cards are carried around in lanyards as a reminder of protocols and expectations.

### Child Protection Briefing Sheets for Visitors

When entering Mamoura British Academy to work with students (whether it be physically or virtually), guests and volunteers are requested to complete the below form to confirm they understand their role and the expectations when it comes to safeguarding and child protection.

## Mamoura British Academy Child Protection Briefing Sheet for Guests and

## **Volunteers**

As a visitor, guest or volunteer at Mamoura British Academy, you have a duty of care towards the students here with regards to safeguarding and child protection. This means that at all times you should act in a way that is consistent with their safety and welfare.

In addition, if at any time you have a concern about a child or young person, particularly if you suspect or think they may be at risk of abuse or neglect, it is your responsibility to share that concern with the school Designated Safeguarding Lead (DSL), who is the Assistant Principal – Miss Saoirse Hall for Lower School and Mr Ian Wignall for Middle & Senior School.

As with all members of our staff, we request that if you are communicating with an individual child or group of children, there is always another member of staff (silent observer) present. This is for the protection and safety of both staff and students. Please note, all our live lessons are recorded and later uploaded to the files section on Teams for any students who were unable to attend the live lessons.

Please refer directly to the DSL if at any point during your virtual visit to Mamoura British Academy concerns arise as a result of:

- observing a physical injury, which you think may have been non-accidental
- observing something in the appearance of a child or young person which suggests they are not being sufficiently well cared for
- observing behaviour that leads you to be concerned about a child or young person.
- a child or young person telling you that they have been subjected to some form of abuse
- comments in the chat feature that you deem to be inappropriate

In any concerns arise, you must write down what you saw or heard, date and sign your account, and give it to the DSL.

If a child talks to you about abuse, you should follow these guidelines:

- Rather than directly questioning the child, just listen and be supportive
- Never stop a child who is freely recalling significant events, but don't push the child to tell you more than they wish
- Make it clear that you may need to pass on information to staff in other agencies who may be able to help – do not promise confidentiality. You are obliged to share any information relating to abuse or neglect
- Write an account of the conversation immediately, as close to verbatim as possible. Put the date and timings on it, and mention anyone else who was present. Then sign it, and give your record to the designated person/child protection officer, who should contact children's social care if appropriate

Please sign below to convey your understanding of our expectations in relation to Child Protection, agreement to abide by our Child Protection Policy and reporting expectations.
