

MAMOURA
BRITISH ACADEMY

**EMPOWERING OUR NEXT
GENERATION TO SHAPE
OUR FUTURE**

MESSAGE FROM THE PRINCIPAL

At Mamoura, we are unapologetically driven by the belief that every child can achieve extraordinary things. Our role is to make that happen through a world-class education that is intellectually rigorous, deeply relevant, and relentlessly ambitious for every learner.

Our foundation is a high-performance academic culture, built on a curriculum that is carefully designed, coherently sequenced, and uncompromising in its expectations. We do not settle for adequacy. We challenge every student to think deeply, work hard, and strive for excellence, ensuring they leave us with outstanding qualifications, and the confidence and capability to shape their future.

This ambition is realised through exceptional, evidence-informed teaching. Our approach is rooted in the very best of research, ensuring learning

is purposeful, knowledge-rich, and secured for long-term mastery. Within our dynamic learning environments, students are actively engaged, challenged, and supported to think critically, collaborate effectively, and apply their learning with confidence. In every classroom, you will see high expectations, expert teaching, and a culture where effort, precision, and pride in work are the norm.

Beyond the classroom, we offer a truly expansive curriculum that develops the whole person. Through sport, the arts, leadership, and industry partnerships, students benefit from authentic, real-world experiences that broaden their horizons and deepen their understanding of future pathways. These opportunities are not additional; they are essential, building character, resilience, creativity, and the confidence to step forward in an increasingly complex world.

What truly sets Mamoura apart is our strong sense of community and belonging. Our values—TRACK: Trust, Respect, Aspiration, Courage, and Kindness—are the DNA of our school. They shape our culture, guide our decisions, and define how we learn, lead, and treat one another every day. We are proud of our UAE context, nurturing a deep sense of national identity, while preparing students to thrive globally. Together we succeed.

Doug Pettitt
Principal

THE CURRICULUM

THE EARLY YEARS FOUNDATION STAGE AT MAMOURA BRITISH ACADEMY

A PLACE WHERE WE EXPLORE (Nursery and Foundation Stage 2)

In the Early Years Foundation Stage (EYFS), we use the EYFS Framework which sets standards for the learning, development and care of all of our children. Our expertly skilled EYFS team delivers high-quality early education that supports an exciting, yet integrated, approach to early learning.

LOWER PRIMARY AT MAMOURA BRITISH ACADEMY

A PLACE WHERE WE GROW (Year 1-2)

In the Lower Primary, we aim to provide a successful, seamless transition from the EYFS curriculum into the English National Curriculum (ENC). We aim to provide a broad learning experience of English National Curriculum subjects alongside Ministry of Education ones. We encourage a rich variety of approaches to teaching and learning that cater for the different needs of individual children.

UPPER PRIMARY AT MAMOURA BRITISH ACADEMY

A PLACE WHERE WE FLOURISH (Year 3-4)

In the Upper Primary, we aim to provide a successful, seamless transition between the different phases of the school. This transition encompasses the students' journey from the Lower Primary, but also prepares them for their graduation into the exciting Middle

School. In the Upper Primary, we enable children to adapt to new settings, quickly grasping teaching and learning methods and new expectations.

MIDDLE SCHOOL AT MAMOURA BRITISH ACADEMY

LEARNING FROM THE MIDDLE (Year 5-9)

In the Middle School years, Mamoura British Academy's rigorous curriculum focuses on supporting students to become independent learners and preparing them to succeed in Senior School and beyond. In Year 9 our students start their decision-making process for their option years. In order to guide them with the process they will have careers support from our Careers Adviser through parent information meetings, assemblies group and one to one personalised conversations.

SENIOR SCHOOL AT MAMOURA BRITISH ACADEMY

TRIUMPHING FROM THE TOP (Year 10-13)

The Senior School curriculum is a skills-focused programme that provides students with a broad and balanced knowledge of key subjects, as well as effective critical thinking and communication skills. In this phase students are able to select their GCSE or A Level academic pathway, and begin university preparations. This ensures that students are on the Journey to academic success and allows them to make highly informed choices that are aligned to their future career options.

GCSE

When the GCSE pathway commences in Year 10, students follow a two year examination course. Students study the core IGCSEs in English, Maths and Science. This course of study is complemented with a number of optional IGCSEs. Students are given a choice of three pathways where they can achieve between 7 and 11 IGCSEs.

A LEVEL

Post 16 starts in Year 12, where most students will opt for three A Levels over two years as well as the chance to study for the Extended Project Qualification (EPQ). A Levels ensure that students develop a mastery of several complementary or contrasting subject areas, whilst allowing them also to pursue options in areas of strong personal interest.

SUPPORTED BY THE SAME EXCEPTIONAL TEACHING STANDARDS AND TECHNIQUES DELIVERED ACROSS THE ALDAR ACADEMIES FAMILY

Aldar Education is the leading providers of private education in Abu Dhabi and Al Ain, holding accreditations from a number of international educational bodies. We deliver inspiring learning environments, combining the very best academic, arts and sporting facilities with the highest standards of teaching. As a result, our students perform at the very highest level, achieving exam grades that exceed global averages and secure places at the world's leading universities.

WHAT MAKES MAMOURA BRITISH ACADEMY UNIQUE?

#Ourmamoura - a true community!

A wholly inclusive school that prides itself on being student-centred, family and community oriented. With a house system at the heart of all we do always promoting #ourmamoura and promoting a true sense of belonging.

Learning from the Middle

Access to a bespoke project-based specialist curriculum that includes computer programming, science, technology, MFL and art lessons from Year 5 onwards, with British-trained specialists, using world class facilities including Science laboratories and electronics, textiles, food & resistant material suites.

Life skills through industry

A groundbreaking school promoting industry-based learning through the development of industry links to ensure real life application of learning, with an emphasis on sustainability.

Dynamic environments that encourage creativity!

From our student innovation hubs, to the industrial kitchen, to the campsite and beyond; across all phases we are a school that believes that the learning environment is vital to inspire young minds, develop creative thought and excite and engage students to truly immerse them in their learning.

Innovation through industry

The MBA learning journey connects students with industry partners through an enriched curriculum to equip, encourage & inspire the next generation, providing students with exciting opportunities to apply their learning in real-life contexts by creating industry links with global companies. We inspire students through unique and enriched experiences to enhance their entrepreneurial skills and promote aspirational career pathways. Utilising industry partnerships to facilitate learning beyond the classroom through inspirational keynote speakers, workshops, learning showcases and bespoke educational visits. Our relentless pursuit of excellence aligns with our strategic vision to provide our students with outstanding, real-life experiences that transforms their education.

In the recent BSO inspection Mamoura British Academy was rated **Outstanding**.
